FOR REGISTER OF THE LAND OFFICE,
CAPT. RALPH SHELDON,
Of Nelson County.

County Ticket.

FOR REPRESENTATIVE,
HON. R. P. HOCKER.

GENERAL WM. F. BARRY, Colonel of the Second Artillery in command at Fort McHenry, died last Friday.

MEDALS "RETRENCHMENT AND REFORM" lies in voting door keepers eight dollars per day for doing nothing.

Let not your party prejudice or zeal so far control you as to forget to vote for a new constitution. It is endorsed by all parties, and is an actual need; every one failing to vote for it is counted against it.

Poor men, remember that Dr. Meador voted for the whipping post bill for your benefit. His own organ, the *News*, calls it an act of bravity. If you want the whipping post law, vote for Meador, if not, vote for Hocker.

WORKING men of Ohio county, if you favor judges salaries to remain at \$3,000, not reduced to \$2,000, vote for Dr. Meador, he voted against the reduction of the salary of the Judge of the Common Pleas Court, established in Fayette and other counties from \$3,000 to \$2,000.

REMEMBER, that Dr. J. W. Mileage Meador voted against a resolution reducing Judges salaries from \$3,000 to \$2,000, and yet claims to be in favor of retrenchment and reform. Did not those two things consist well?

EX-SENATOR RAMSEY, of Minnesota, has been tendered the position of Secretary of War, vice Metcalf, resigned. He has of course accepted, as offices of profit are not generally refused by the stalwart politicians.

G. W. HEATHCAMP, of Sedgwick, Kansas, writes us July 17th, as follows: Crops are splendid in this Harvey County. We have an abundance of rain, basins of all kinds. Emigration from Kentucky to this section heavy.

EIGHT dollars a day is the value set upon the services of a Door Keeper of the House of Representatives by Dr. James W. Mileage Meador, and yet the poor laborer who lisens to him talk about retrenchment and reformatory only 75 cents to a \$1.00 a day.

By reference to the card from Hon. J. A. McKenzie, it will be seen that Board of Examiners will meet in Greenville on the 20th day of August to examine all applicants for the position to the Naval Academy to be filled by appointment by him. If any of our young men desire to compete now is the time.

WHEN DR. Meador was in the Legislature, he failed to vote for cutting down the pay of the Sergeant-at-arms from \$8.00 to \$8.00 per day. When Mr. Hocker was there, he voted for the cutting down of the pay of these officers from \$8.00 to \$6.00. Look at the two House Journals, and see the truth of this.

The Buford trial has about come to a close, and is now probably in the hands of the jury. The last speech in his defense was made by Mr. Curtis Monday. The Commonwealth's Attorney made his argument yesterday, and the result of the trial will soon be made known to the public.

THE Louisville Commercial office fixtures, &c., were sold at auction on the 15th inst. General Eli H. Murray, attorney for the old stockholders, bid it in at \$1,000. A new company will be formed and arrangements made to continue the publication of the paper. The programme will be given to the public in a few days.

DO NOT fail to read the speech of Jesse E. Fogle, printed on our first page. It needs no compliments from us for it speaks for itself. While not as brilliant as the speech of a Knott or McKenzie, yet it is replete with sound logic and bristles with facts and incidents out of political history, well known to all and cannot be refuted.

MEADON, Bennett and Hocker are not going to enjoy all the fun. We now have three canvass race for Town Marshall: J. T. Iglehart, Thomas D. Davis and the present incumbent, Robt. C. Hardwick. The voters of the Town have a sufficient time to canvass the claims and qualifications of the aspirants, to this small, but yet important office to us. Weigh them, and vote for the man you deem best qualified to fill the office properly.

Another Falsehood clinched.

Yesterday's *Courier-Journal* brings still gloomy reports from poor plague-stricken Memphis. The feverish and pestilential all over the city, and persons dying daily. It is as yet confined to Memphis but will, in all probability, spread over the whole South before Jack Frost stops its career.

REMEMBER on the mileage question, that Meador after having his attention called to his overdraw, refunded only nine dollars out of twenty-seven dollars and thirty cents. Remember that while Hocker lives much farther from Frankfort than Dr. Meador, he yet drew less than the Doctor did; and remembering these two facts, how can you denounce Hocker, and vindicate Meador as the News is trying to do.

Blew Hot and Cold.

The Ohio County *News* blows hot or cold, just to suit the occasion. It has vilified and abused Mr. Hocker for his vote for Hon. Jas. H. Beck for United States Senator. Mr. Beck is a foreigner.

It turns right round and tries to create the impression that Mr. Hocker is unfriendly to the foreign-born citizens notwithstanding his denunciation of him for voting for one.

A Man's Brains Blow Out.

One day last week, in McLean county, about 8 miles west of Ulysses, Silas Abner shot Milton Tanner (who was generally called "Mit") with a shot gun, killing him instantly. The trouble originated, as we learned it, about last winter Dan Abner ran off with a young girl of the neighborhood to be married; "Mit" Tanner accompanied him and aided him with his team, money, &c. After returning, Dan Abner was scarce of money and did not pay "Mit" up. Abner was out hunting one day and met Tanner, who damned him for the money and raised a row over it, and finally took the gun from Abner and knocked him down with it. For this he was indicted last January. Last week Tanner and Dan and Silas Abner, his brother, met at a wheat threshing in the neighborhood. Tanner raised a row with the Abners and drew his knife and ran them off. They armed themselves with guns and returned, when Tanner made at them again with his knife and was shot by Silas Abner, blowing his brains out, killing him instantly. Tanner has been indicted to row and fight, and has been in several difficulties. These are the facts as we have heard them.

THE WHIPPING POST.

The *News* Caught Blowing Hot and Cold Again.

Only two weeks ago the *News* editorially denounced the whipping post law as an act of barbarity, but it nevertheless is doing all it can to re-elect the man who voted for it in the last Legislature.

Mr. Hocker's Record.

Mr. Hocker has a clear, good record as Representative, and did all he could for the benefit of his constituents.

He introduced a resolution requiring the Committee on Ways and Means to bring in a bill *reducing the fees and salaries* of all officers of this Commonwealth.

On what a misrepresentation of the truth. Dr. J. W. Meador, in the last session claimed *mileage for 400 miles*.

A Representative is entitled to mileage going and returning by the route most usually traveled. The most direct and convenient route for Dr. Meador to go was to go to Spring Lick, on the P. & E. Railroad, and take the cars the balance of the way.

As an evidence that this is so, he did go that way to the last Legislature, in the positive knowledge of the writer hereof.

Dr. Meador's residence to Spring Lick is not exceeding 10 miles; from Spring Lick to Louisville is 82 miles, and from Louisville to Frankfort 65 miles, total, 157 miles. This is the 314 miles he drew for 400, making a draw of 86 miles too much.

When he was caught at it, he refunded \$900. He overdraw \$12,900, refunding \$9,000, leaving \$3,900 of the State's money in his pocket. This, mind you, was his second time as Representative, and does not seem reasonable that a man of good common sense could have learned the distance by the time he had gone back the second time as Representative.

When he was Representative in 1874-5, he claimed and collected for 410 miles, which is 96 miles further than the road can be stretched out. Now if he had aimed to get a fair mileage does it not seem that he could have come nearer than 96 miles in guessing the distance? The amount over drawn the first session fourteen dollars and forty cents, and amount overdrawn last session, twelve dollars and ninety cents; total, twenty-seven dollars and thirty cents. Credit by amount refunded after he got caught running his hand too deep in the treasury, nine dollars. Balance in his hands of the people's money, eighteen dollars and thirty cents. When his attention was called to the fact in the second session, that he had drawn more than right, while refunding, why did he not refund the whole amount overdrawn that session, and why did he not refund the amount overdrawn the first session.

These are all facts shown by the Auditor's Report. Mr. Hocker drew fifty-five dollars and forty cents mileage when he went. He lives 2 miles from Beaver Dam. From Beaver Dam to Louisville is 108 miles, from Louisville to Frankfort 65 miles, total, 173 miles; doubled, 350 miles. At 15 cents per mile, fifty-two dollars and fifty cents. Overdrawn six dollars and ninety cents. It will be seen that Mr. Hocker lives farther from Frankfort than Dr. Meador, and yet drew a smaller amount than Dr. Meador did either time, though in fact drew a little too much, but Dr. Meador or his supporters are the last ones that should refer to it, for Meador has, after making that refund, about three times as much of the people's money in his possession as Hocker has.

The Yellow Death.

The fearful plague—the awful scourge—after a day or so of no new cases, broke out again last Friday in Memphis, and there are now over 100 cases. There were up to Sunday night 16 deaths—the first occurring on the 9th inst. Every one who could get away has gone. The provisions in the city are about exhausted. The trains and boats are fast being stopped by quarantine measures, and thousands of poor people in the city, too poor to get away, are left to die of the awful plague, or if they miss that, starvation stars them in the face. Oh, what a sad picture poor Memphis presents. The baseness of the city is totally ruined for months to come.

The Greenback Movement.

(Anderson Reporter.)

Many life-long Democrats are being misled into what is called the Greenback party. We can assure them that Mr. Hocker while in Legislature tried to procure the passage of a law placing the bars of coal-screws 3 inches apart. This is a base mean lie, made out of the whole cloth, concocted for the wicked villainous purpose of influencing the miners just on the eve of the election. There was no such law proposed or before the Legislature of which he was a member. He did however endeavor to secure the passage of a law requiring the proprietors of coal mines to have their mines thoroughly ventilated. This was for the benefit, and in the interest of the mining citizen.

An impure breath is very unpleasant, and is caused by decayed teeth, old songs of teeth and tarter on the teeth. Call on Dr. W. B. Arnment, at the Hartford House, next week, and have your teeth thoroughly cleaned.

The school fund so long delayed has come in, part at last and will be paid out the early part of next week. The February and March draft have been paid—leaving the May draft unpaid. Those having claims for any of these numbers need not apply now, but when the funds for these districts are received a further notice will be given.

What Do You Say?

The head term is upon us, business is dull, health not good, the heat quite oppressive. Let's all bundle up and go to the Grayson Springs. It is one of the most delightful places on earth. Every comfort and amusement we could find there. There are now about 150 visitors there. Who will volunteer to join a party from here? Do not all speak at once.

The happy gift of being an agreeable and entertaining host and hostess was evinced on Tuesday night by Judge R. S. Mossey and his amiable and agreeable wife, at their residence on Union street, to the friends and acquaintances of their daughter, Miss Maggie. The beautiful evergreens surrounding the house were brilliantly illuminated with Japanese lanterns—making the scene a welcome and inviting one to the approaching guests, who, by the hour of 9 o'clock, had assembled to the number of seventy. The night was one of unusual pleasantness and both before and after the elegant supper, the guests amused themselves with music and dance. All present vie with each other in pronouncing the occasion one of the most pleasant of the season.

Every lover of the horse should read the following notice from the Western Sportsman and Livestock News:

"A Treatise on the Horse and His Diseases," by Dr. J. H. Smith, of Middlebury Falls, Vt., is a book that every owner of a horse should have, and no breeder of horses can afford to do without. It has thirty-five engravings illustrating positions assumed by sick horses, and gives treatment of diseases in such plain and comprehensive language as to make it easily understood by any one of average intelligence. The price is only 25 cents, but we would not charge it for any book on the horse and his diseases that we have ever seen, and we have read some books of the kind that cost \$10. It contains a large number of recipes, any one of which is worth double the price of the work. The book may be had of the author as above.

DEFERRED MATTER.

The Republican's cut that they are the especial friends of the Union soldiers, and that Democrats are hostile to them grows thinner every day you look at it—in fact it is too thin to longer deserve any one. General Ell H. Murray was a gallant Union soldier, and was promoted for his bravery. He was beaten for the nomination for Governor by Walter Evans, who only snuff powder once in a very short campaign. There are thousands of soldiers in the State well qualified, but the balance of the Republican State ticket is composed of "stay at homes."

In his message Hayes says the United States Marshals are absolutely necessary for the maintenance of the government, and because of a proviso that no deputies were to be employed at \$5.00 a day to interfere with elections and electioneering for the Radical party, he cut off the appropriation of \$80,000 voted to pay them by a vote, and the Marshals have Mr. Hayes to thank for keeping them out of their pay.

COL. J. H. POWELL.
We learn, from what we deem to be a reliable source, that Col. J. H. Powell will be a candidate for the Commonwealth's Attorney in the Henderson district. He is the noble son of a noble sire. Outspoken for right and justice is well versed in the law; is an eloquent and effective advocate, and will make an excellent presenting attorney. He has, in addition, had the experience of two terms as county attorney of Henderson county. This position, in a large, wealthy and populous county like Henderson for eight years, is a very great auxiliary in preparing one for a first-class Commonwealth's Attorney. It is not our desire, however, to suggest that Col. Powell's qualifications, experience and high moral character should be given due consideration, should he be a candidate. We are very well acquainted in the district and we do not know of any one better qualified, of more experience, or more worthy to fill the shoes of Hon. John W. Lockett than Col. J. H. Powell.

The Elizabethtown tax-payers have resolved to compromise their bonded debt in behalf of the E. & P. R. of \$75,000 and interest due, amounting to \$17,000 by a new ten year bond or bonds to the amount of \$45,000. It is understood that the holders of the bonds will accept this, and thus a troublesome litigation will be settled.

The G. W. C. of the Grand Lodge of Kentucky, I. O. O. F., has resigned and J. C. Read has been appointed in his stead.

George W. Bain, the gifted orator, has returned from lecturing tour to California and the West, and is now at home, but will soon be gone again on a similar trip elsewhere.

T. G. Fallon, D. D. G. W. C. T., has recently reorganized the lodge of Good Templars at South Carrollton, with L. N. Strother L. D., and E. M. Coleman W. C. T., and 18 chartermembers. He also reorganized the lodge at Sacramento.

The Cincinnati Industrial Exposition will be held commencing September 10th and continuing to October 11th, 1879. Steps have been taken to make this one of the most attractive Expositions ever held in the Queen City. In addition to entering articles for exhibition a very large and liberal premium list is offered on certain articles—the list embracing almost every conceivable article of manufacture and agriculture. Send for program, which can be had by addressing H. McCollum, Secretary. The coming Exposition will be the first ever held in the Grand Permanent building, erected for the purpose by a subscription of \$1,000,000. There are over 1,000 gold and silver medals awarded in the premiums offered.

The bad condition of the wheat crop in Europe has caused a spring in prices in New York. Wheat has gone as high as \$1.19 there in the last week. If that price could be secured for all the surplus wheat our people have, greenback would be a little more plentiful.

Bowling Green is a lively little city. She is always wide awake to her interests. On the 20th inst. she will vote on the proposition to issue \$30,000 worth of city bonds for the purpose of securing the location of the Agricultural and Mechanical college at that point. The proposition will almost certainly carry, and will be another long stride for Bowling Green in her progressive march, for the subscription will almost certainly secure the location of the A. & M. college there.

The Greenbacks of Warren county have nominated Felix G. Cox for the Senate, and D. W. Johnson and Wm. Floyd for the Lower House.

We thought it terrible when we had one woman in our jail for a few days, but the jailer at Glasgow, Ky., has five women lodgers and only four men. We are not the worst people in the world after all.

THE FARMERS' HOME JOURNAL.
We are glad to inform our readers that the above journal is now upon a more safe, substantial basis than ever. Col. I. B. Nall, a native of this county, had secured entire control of it and had now associated with him Mr. Thomas S. Kennedy, who was for many years president of the Kentucky Horticultural Society. It is now one of, if not the very best farmers' paper published in the South or West. No farmer should be without it. Any subscriber of the Herald or the Farmers' Home Journal will find it through us for an addition of \$1.00. In other words we furnish the Herald and the Farmers' Home Journal in club to one address for the small sum of \$2.50. With two such

papers almost for the price of one who will longer hesitate to subscribe.

By virtue of an act of Congress approved June 21st, 1879, the biannual examination of invalid pensioners is abolished from that date.

Prof. Towne's arithmetic has been given its walking papers out of the Louisville schools by a vote of 20 to 3. It seems that somebody besides H. A. M. Henderson fails to see perfection in Towne's works. He will have several to wreak vengeance upon. White's arithmetic, a Cincinnati book, was adopted by the Louisville school board.

A new express company has been formed in Louisville, with Frank Guthrie as president. The company has adopted the loyal name of "Union" and will control the express business in the Louisville and Nashville and Great Southern Railroads and their branches, and began business yesterday. Vol. Rose, for many years manager of the Adams Express Company, has been engaged as manager.

Alfred Gamble, one of the Breathitt county outlaws and murderers, has been sent to the penitentiary for life.

Our friend, Mrs. V. Bush, of Hawesville, has taken editorial charge of the Hawesville *Plaindealer*. He will, no doubt, make it lively and interesting to the readers as he is a man of fine ability.

WHAT IS IT.
We have a monstrosity in our office brought us by John Stevens, who lives near Wilson's Mills, this county. It was dropped last spring by a ewe. Its covering looks like the hair of a woolly dog; its ears are under its jaw; it had no eyes, disbelievable nose protruding about 2 inches over where its mouth should be, and it had a kind of hole for a mouth. The top of its head, nose and front part of the body resembles a dog, is about 21 feet long. It had four legs with feet like sheep, and its tail looks a little sheepish. It is one of the strange freaks of nature.

Obituary.

Elizabeth S. Johnson, daughter of Judah and Mary Condit, was born in Ohio county, Ky., March the 30th, 1846, and moved with her parents to Arkansas, Jackson county, in the spring of 1855, where she remained until her marriage in 1863, and joined the M. E. Church South. She was married to A. J. Johnson, in 1870, whom she had the pleasure to live with but one brief year. Then he died in a general hospital, called, Decatur 24, 1878. One of the chief causes of his death was the consumption of alcohol. His family, his relatives and neighbors friend, has been taken to a more general clique, to an "Elden of rest," to join the blessed soul. Dear relatives, relatives and friends, let us meet "Sis" where there is no more pain, pleasurable, pneumonia, or death, but where streams of pleasure and rivers of water ceaselessly roll, where loved ones meet to part no more.
